Benefiting the FCCA Foundation

The FCCA Foundation

The FCCA Foundation provides a tangible mechanism for the cruise industry to fund a range of humanitarian causes in the Caribbean and Latin American regions. In its 16 years of existence, the Foundation has impacted thousands of Caribbean and Latin American citizens by providing millions in funding to causes and charities throughout the regions.

In one of its projects the FCCA reaches out to our partners in the Caribbean and Latin American destinations to provide gifts for children in foster homes or institutions where holiday gifts would not ordinarily be possible. The gifts are delivered on Member Lines' vessels to the destinations where the children enjoy a holiday party in their honor. In 2010, 33 destinations participated in the program, with over 7,000 children receiving holiday gifts.

With your help, we intend to grow and accomplish even more...
