Welcome Message

The Member Lines of the Florida Caribbean Cruise Association are pleased to welcome you to the 12th annual Gala Dinner Extravaganza. Both our Association and the people of the Caribbean are grateful for your attendance tonight, as 100% of the proceeds will benefit the FCCA Foundation for the Caribbean, which will fund numerous humanitarian causes throughout the region.

Though the lucid oceans, bucolic settings, and tropical forests draw in many tourists, the smiles and spirit of the people are what keep the mission for their improvement our constant quest.

Tonight further solidifies the cooperative relationships/friendships between the cruise industry and the destination partners, and your participation makes this a possibility. Through events such as this, mutual benefits are seen. We join together with the sight of a common goal in the distance. We can't thank you enough for sharing your time, money, and effort for this objective.

We would also like to thank the Port of Miami for enabling this event to take place.

Have a delightful evening and take pleasure from your good deeds. We look forward to seeing you at the next FCCA event.

Micky Arison
FCCA Chairman;
Chairman & CEO, Carnival Corporation

Michele M. Paige
President
Florida-Caribbean Cruise Association

Congratulations on your 12th Annual Gala

Boatswain's Beach, the new home of the Cayman Turtle Farm, promises to take your breath away with its fabulous array of turtles and all new exciting adventures. Visit our turtle breeding pond and touch tanks. Hold a new turtle friend for an unforgettable photo opportunity.

Located on Grand Cayman at North West Point Rd, West Bay. The Park is open year-round 8am to 5pm (except Christmas Day). Visit for as little or as long as you like, but a full day will give you plenty of time to enjoy all that the Cayman Turtle Farm at Boatswain's Beach has to offer.

C a y m a n I s l a n d s

A true Caymanian experience

Tel (345) 949 3894 • Fax (345) 949 1387 • www.boatswainsbeach.ky

Quench your thirst for adventure! Go ahead – take the plunge!

New for 2006, Cayman's largest and most eagerly anticipated tourist attraction - Boatswain's Beach - will open its doors. Pronounced 'Bo-suns' Beach, this one-of-a-kind, 23-acre adventure marine park promises to become one of the most exciting in the Caribbean.

The park offers visitors a unique opportunity to swim and snorkel with fish and other marine life in its 1.3 million gallon salt water lagoon. Guest can also peer into a predator tank and come nose to nose with sharks and eels. For those less adventurous, wander through the beautiful free-flight bird aviary or stroll down an historic Caymanian street complete with porch side artisans. Children and adults alike will delight in interacting with starfish, urchins and crabs at the touch pool. Everyone will enjoy the experience of the finest Caymanian cuisine at a variety of locations throughout the Park – including a full service restaurant.

For those wanting to take a little of Boatswain's Beach home, 18 shopping kiosks are located throughout the park, as well as a 3,500-square-foot Boatswain's Beach retail centre located in the reception building.

As part of the emphasis on Cayman's heritage, the historic Cayman Turtle Farm will make its new home within Boatswain's Beach. The only one of its kind in the world, the Turtle Farm is home to over 14,000 green sea turtles, ranging in size from six ounces to six hundred pounds each. Visitors can tour an actual working farm, which is both educational and entertaining, and turtles are available for guests to hold for an amazing and unique photo opportunity.

The Cayman Turtle Farm has held a long-standing tradition of releasing some of the turtles that have been bred at the Farm. This tradition was initially inspired by the Cayman Turtle Farm's commitment to both its conservation initiatives of ensuring the continuation of the species and of the on-going research that will help biologists learn more about turtle migration and nesting behavior. Visitors to the island can have the opportunity to actively participate in an annual turtle release. This is a once-in-a-lifetime experience and those interested in participating should send an email to info@boatswainsbeach.ky for more information.

The Turtle Farm breeds the green sea turtle, named for the green color of the fat deposits inside its skin. Other turtle species exhibited on the farm include the loggerhead turtle, the kemp's ridley, and the beautifully patterned hawksbill turtle.

The new expanded facilities at Boatswain's Beach will ensure visitors continue to learn more about these amazing sea creatures as well as our new additions including the predators, birds, crocodile, and other exciting creatures. The new Park will house a world-class research and educational facility that will focus on the conservation of sea turtles.

Some interesting facts and figures for turtle watchers include

- It takes 15 – 50 years for a Green Sea Turtle to reach maturity
- After several years, male turtles begin to develop longer tails
- Green Sea Turtles will hatch 60 days after the eggs are laid
- An adult Green Sea Turtle can stay under water for 12 hours while sleeping
- Only female Sea Turtles will come ashore to nest
- Male Sea Turtles rarely return to land after crawling to the sea as baby turtles
- At nesting time, females will travel thousands of miles to the beach of their birth to lay eggs
- Sea Turtles have sharp, sometimes serrated jaws, but no teeth
- Sea Turtles may live to be 100 years old
- Sea Turtles are the world's largest reptile (by weight)
- Sea Turtles can migrate thousands of miles in the course of a year

Until the new Boatswain's Beach opens in 2006, tours of the Cayman Turtle Farm continue. They are self-guided and take approximately 20 - 30 minutes to complete. The Farm is wheelchair accessible. The Farm is open seven days a week, from 8am to 5pm. Cost: Adults US\$7.50 and Children US\$4.00. The Farm is located on Northwest Point Road in West Bay just 8 miles from George Town.

Boatswain's Beach will launch its membership club in the near future providing everyone with the opportunity to receive continuous updates, discounts, travel opportunities, and many other exciting membership-only activities at the Park. For information on the club, and to receive updates and press releases on the Park, contact marshaebanks@boatswainsbeach.ky.

During fiscal year 2005, the Port of Miami further solidified its position as the Cruise Capital of the World. The total number of passengers rose to 3,605,201 — an increase of 3% over FY 2004. Miami is home to the world's leading cruise lines: Carnival Cruise Lines, Celebrity Cruises, Costa Cruise Lines, Crystal Cruises, Norwegian Cruise Line, Oceania Cruises, Royal Caribbean International, and Windjammer Barefoot Cruises.

The Port offers the most modern, safe, and efficient passenger facilities. Miami plays an active role in taking cruise passenger expectations to the highest levels by promoting itself as the Homeport-of-Call as well as destination offering pre- and post-cruise activities.

Come sample the flavor of Miami first-class terminals, magnificent beaches, fine restaurants, world-class shopping, attractions and historical museums the choices are endless!

Foundation History

The FCCA Foundation is a charity that is dedicated to helping the people of the Caribbean, Mexico, and Latin America. The Foundation answers the needs presented by the destinations for the betterment of the people of the region.

Participation in events such as Holiday Gift Project, Food Program, Caribbean Special Olympics, and Hurricane Relief Projects have helped improve the lives of the people in the destinations over the last 13 years with the FCCA Foundation raising and donating over 3 million.

The Holiday Gift Project alone brought an onslaught of joy and gifts to over 6,000 underprivileged children throughout 27 destinations, with Mickey Mouse, Santa Claus, Elves and their friends guiding the provider of bliss.

August 30, 2005

Michele Paige
FCCA
11200 Pines Blvd., Suite 201
Pembroke Pines, FL 33026

Dear Michele,

The FCCA grant in March of this year was a true encouragement in our efforts to provide hope and healing to those who suffer in needy countries around the world. The *Caribbean Mercy's* field service in Honduras was significant and enabled Mercy Ships to build upon more than ten years of service in the Caribbean, with twenty projects completed in that time period.

Providing dental services in village clinics continues to be an important element of each field service. Dental Coordinator Dr. Marcia Roulet-Miller said, "A highlight for me was working on the school children...because when you treat children you are treating them for their future."

Under the leadership of Dr. Glenn Strauss, Project Spectrum restored sight to children and adults. Eight-year-old Dilcia was born both blind and deaf. When Dilcia's mother heard about Mercy Ships, she and her daughter bussed 60 miles to the ship. Mercy Ships doctors performed two surgeries on the girl's eyes, removing both of her life-long cataracts. Just two weeks after her surgeries, this once blind child could already see objects as fine as a needle and distances up to 20 feet in front of her.

Collene Myers, a Mercy Ships nurse serving in Health Care Services, met a 13-year-old boy named Omar while the hospital ship was docked in Honduras. Omar had a tumor on his neck that launched Collene's heart into action. Sympathy motivated Collene to facilitate a partnership with the First Lady of Honduras to have Omar's tumor removed at hospital in Tegucigalpa, the country's capital. Afterwards, Collene visited Omar to check up on his healing process. He has healed well and is now attending school for the first time in his life.

According to Dawn Crowther, Orthopaedics Administrator "There are orthopaedic surgeons working at the hospital, but due to several contributing factors they are not able to perform many orthopaedic surgeries. One main reason is that there simply is a very small inventory of orthopaedic instruments. The one drill that the hospital owns is a common drill bought at a hardware store. For larger cases the instruments needed to be

Pembroke Pines
Florida 33026, U.S.A.

Dear Ms. Paige

On behalf of the National Museum Committee and the St. Christopher's Society, I wish to formally thank you and the Florida Caribbean Cruise Association for your thoughtful, generous and timely donation.

These funds are much needed and will greatly assist in the renovation of the building, which houses the National Museum. The building is being over 100 years old and having housed the Government for most of those years, while being the shipping gateway into a

We also wish to congratulate your organization on the stage Conference and for selecting St. Kitts as its venue. We do great success.

Once again please accept our sincere gratitude for your

With best regards

Hanley

Events such as the Princess for a Day Silent Auction permits more of the funding to take place through the money gained. Though many of the items auctioned off were offered at a great bargain, almost \$80,000 was raised. This was feasible due to the magnanimity of those who donated items. These gracious partners of the cruise industry contributed items including vacation packages, artwork, jewelry, sports memorabilia, and even an all terrain vehicle.

The FCCA Foundation is possible because of the dedication of all involved. We are all yearning for a common goal, and we re coming continually closer.

Florida Caribbean Cruise Association
11200 Pines Blvd, Suite 201
Pembroke Pines, FL 33026

Dear Ms. Paige:

On behalf of EARTHCARE we would like to thank the Florida Caribbean Cruise Association's Foundation for the Caribbean for the funding donation. Especially we would like to thank Carnival Cruise Lines and the Captain and staff of the Fantasy for giving us such a hospitable time at short notice.

I'm not exactly sure why but none of the newspapers published our press release and photo. I will try again to see if we can get something published. I will mail them to you if we succeed. We were able to create an educational Coastal Awareness fair in conjunction with the Ministry of Tourism using last year's FCCA grant. Thank you for that, the kids enjoyed it and learned a lot. Kids spent their weekends during March and April creating the educational games for the fair.

Thanks again!!!

Ecologically yours,

Dear Ms. Paige:

Re: **Annual Charity Event - December 4, 2004**

On behalf of the Ocho Rios/Runway Bay Chapter of the Jamaica Hotel & Tourist Association (JHTA) and the Fundraising Committee, I wish to express my sincere appreciation for your valuable contribution towards our Annual Fundraising Event held at the Ruins at the Falls on December 4, 2004.

The event was successful and enjoyable and I am sure that the area charities and marketing will benefit tremendously from your generosity.

Once again we thank you and extend best wishes for the Festive Season and a peaceful and prosperous New Year.

Sincerely,

Vana Taylor

Holiday Gift Project

It isn't hard to envision waking up as a child on Christmas day and running to the tree full of enthusiasm and anticipation. Unfortunately, many of the youth throughout the world would have no recollection of these course of events. The FCCA Foundation took this into consideration and made a few deliveries that St. Nick neglected, distributing over 6,000 smiles and feelings of Yuletide joy to those less fortunate in over 27 destinations throughout the Caribbean, Mexico, and Latin America. Although they didn't experience the traditional festive family gathering, they received their presents at a celebration thrown in their honor.

The Holiday Gift Project was orchestrated by the FCCA, the Member Lines, and participating destinations. On this day, children eagerly awaited a cruise ship instead of a sled. However, if you looked closely you might have seen Mickey Mouse guiding the bearer of bliss. He and his friends acted as elves, assisting Santa Claus during his distribution of gifts to children ranging from infants to teenagers. Luckily, the jolly fellow didn't have his Naughty List present, so all of the onlookers received a gift specialized for their age and interest. The charity coalition visited institutions including orphanages, homeless shelters, foster homes, and schools. Curlene Burrowes, the Principal of Stapledon School, shares her thanks and tells of the impact made in Nassau, On behalf of the students of Stapledon School, I would like to say a heartfelt Thank You for arranging for the special students to be recipients of Christmas Gifts. Many of our students would not receive gifts at all if it were not for the kind gesture by the Florida-Caribbean Cruise Association.

The glow emitted from the smiles of the children reflected the joy of the season and served as a sufficient Thank You card. As Burrowes noted, the gifts given would be the sole remnants of the season for many. This is why many are anxious to participate, such as Celeste de Leon of the Ministry of Tourism of the Dominican Republic, who remarks, We are anxious to participate in this good cause and joy you bring to the children of our country. We understand the need these children live everyday, and this is why we love to support you every year. Mark Witko of Disney Cruise Line, another willing contributor, shares, We really can't thank you enough for the opportunity to partner with you on this special event. Visiting the children with our VoluntEARS and Disney Characters has become an annual tradition at Disney Cruise Line, and we sincerely look forward to it every year.

Though this has become an annual event, astonishment was seen in the eager children's eyes. However, they weren't the only anxious ones. Cameron Jeffrey of Celebrity Cruises couldn't help but get swept up by the event, This is the second time I have been involved with this program, and I must say that it was so heart-warming and touching to be involved with this year's event. The children had a great time. The Celebrity crew came in dancing and had a

great time with the children; it brought a tear to the eye. It definitely put us in the holiday spirit! Margaret Jones of the Jamaica Tourist Board also found herself and others immersed in the activities, It was once again my pleasure to coordinate this year's FCCA Holiday Gift event here in Montego Bay. The teachers and children at the Salvation Army Basic School were ecstatic! It was a very fun filled activity, especially with Santa handing out the gifts. We were also very surprised and felt honored that the Master of the *Conquest* was there with us, and the children loved him!

This is the 13th year in which the Foundation has sought to improve the lives of the Caribbean citizens through similar projects. Through projects like these, the Foundation has shown that money isn't the sole provider of joy; it takes caring and participation. By employing such strategies, they have impacted the lives of thousands: an adequate return for the \$3 million plus invested. Thanks to the collaboration of the FCCA and the Member Lines, this event has brought happiness to the children of the Caribbean.

We offer simultaneous accommodation for four cruise vessels alongside our newly dedicated cruise pier.

Environmental Poster Competition

Each year the Florida-Caribbean Cruise Association invites students from the Caribbean, Latin America and Mexico to participate in the annual FCCA Foundation for the Caribbean Children's Environmental Poster Competition. This year thirteen nations throughout the Caribbean region accepted the invitation to participate.

One entry per category was selected as winners for their message that advocated the role each destination plays in preserving the environment. Winners included 12-year-old Trifon Simmons of Nevis St. Thomas Primary in the Junior Division (ages 12 and younger) and in the Senior Division (ages 13 — 16) 15-year-old Sabrina Romulue of St. Lucia's Castries Comprehensive Secondary School.

Students from throughout the Caribbean region were asked to create a poster that visually depicted at least three ways they believe could help protect the environment and promote environmental awareness in their country. The competition's purpose is to promote and stimulate environmental awareness among students and effectively educate younger generations on the importance of environmental protection. Each country submitted one poster in each age category to represent as its finalist.

The FCCA also congratulates the second and third place winners in each division. Twelve-year-old Bianca Blanchard from Haiti won second place, and ten-year-old Kalyla Jones from Belize took third place in the Junior Division. Senior division second place winner is sixteen-year-old Attainea Toulon from Dominica and fourteen-year-old Amelia Layne in third place. Second place winners in both categories will each receive US \$1,500 and third place winners will receive US \$1,000.

The winners, Trifon and Sabrina will each receive an educational scholarship of US \$2,500. The FCCA will also award US \$500 for art supplies to the schools of the first, second, and third place winners in both categories. The other finalists in each division will receive US \$200 rewarding their participation and good work.

From four lanes to shipping lanes,

ALL ROADS LEAD *to* MOBILE BAY.

Last year some 27,000 cars from 50 states and

Canada... filled with families, couples, friends... drove to Mobile to embark on Western Caribbean cruises on the Carnival fun ship Holiday out of the Port of Mobile. Carnival Cruise Lines say the Mobile excursions more than exceeded their already high expectations for their first year traffic.

The new state-of-the-art Alabama Cruise Terminal, built to accommodate Mobile's new cruise industry, complete with attached parking and sparkling modern design, makes

embarking for cruises more comfortable than ever. And, since Mobile is a deep water port, cruise ships get into open sea quicker. Mobile is easy to reach from major interstates all over the country. Just ask those families from Indiana, Illinois, Vermont, Minnesota, Wyoming, Colorado and states in between who took the four and five-day cruises of their lifetime last year, leaving from Mobile.

A dark blue silhouette of a woman's head and shoulders is centered on the left side of the page. She is looking upwards and to the right. The entire image is filled with numerous small, light blue, multi-pointed star shapes of varying sizes. A prominent, larger star is positioned near the woman's left shoulder. The background is a gradient from dark blue on the left to a lighter grey-blue on the right, where the text is located.

DIAMONDS[®] INTERNATIONAL

REACH FOR THE STARS

A port to remember.
A history to discover.
An island of possibilities.

3 Islands - Endless Possibilities Pull into port and lead your passengers on a day of discovery. Take them through centuries-old buildings made of seashells and molasses. Help them explore the lush foliage of a secondary tropical rainforest. And invite them to discover the delicious varieties of Cruzan rum. The diverse beauty of St. Croix offers your cruise line, as well as your passengers, a land of endless possibilities. Transport your passengers to the lovely island of St. Croix and help them create a little island history of their own. For information call 1-800-372-USVI, or visit us at www.usvitourism.vi.
